Curriculum Vitae Anna Chaimani, PhD

PERSONAL INFORMATION

Date of Birth: 14 February 1986

Nationality: Greek

Address: Centre of Research in Epidemiology and Statistics (CRESS-U1153)

Hôpital Hôtel-Dieu, 1 place du Parvis Notre-Dame, 75004 Paris, France

e-mail: <u>anna.chaimani@inserm.fr</u>

Tel: +33 01 42 34 78 39

Website: http://www.cer-methods.com

QUALIFICATIONS

2019: Accreditation for supervising PhD candidates (Habilitation à Diriger des Recherches)

Faculty of Medicine, Paris Descartes University, France

2014: PhD in Biostatistics

Department of Hygiene & Epidemiology, University of Ioannina School of Medicine, Greece Thesis: "Investigating bias in network meta-analysis"

supervisor: Prof. Georgia Salanti

2011: MSc in Biostatistics

School of Medicine & Department of Mathematics, National University of Athens, Greece (graduated with highest distinction)

<u>Thesis</u>: "Prognostic significance of EGFR gene copy number gain in NSCLC: a systematic

review and meta-analysis"

2008: BSc in Mathematics (hons. 4 years)

Department of Mathematics, National University of Athens, Greece

Languages: fluent in Greek & English, good French, intermediate German

PROFESSIONAL EXPERIENCE

Current positions

01/2020 - present: Leader of the Evidence Synthesis Group

Centre of Research in Epidemiology and Statistics (CRESS-U1153), METHODS

Team

01/2020 - present: Senior Research Scientist with tenure (Chargé de Recherche)

National Institute of Health and Medical Research (Inserm), Université Paris Cité,

France

Previous positions

10/2016-12/2019: Fixed-term Assistant Professor (Chaire d'Excellence) - Université Sorbonne Paris Cité

Faculty of Medicine, Paris Descartes University, France

04/2016-06/2016: Visiting Researcher funded by the Swiss National Foundation

Institute of Social and Preventive Medicine, University of Bern, Switzerland

10/2015-11/2016: Postdoctoral Research Associate in Biostatistics

Department of Hygiene & Epidemiology, University of Ioannina School of

Medicine, Greece

Working on the project "Optimizing therapy to prevent avoidable hospital admissions in

the multimorbid elderly" [Horizon 2020 grant]

06/2014: Visiting Researcher funded by the Methods Innovation Fund Program of the

Cochrane Collaboration

School of Social and Community Medicine, University of Bristol, UK

06/2014-09/2015: Postdoctoral Research Associate in Biostatistics

Department of Hygiene & Epidemiology, University of Ioannina School of

Medicine, Greece

Working on the project "Missing outcome data in psychiatric trials & meta-analysis"

12/2010-05/2014: Research Associate in Biostatistics

Department of Hygiene & Epidemiology, University of Ioannina School of

Medicine, Greece

Working on the projects "Integrating the multiple meta-analysis" [ERC Starting Grant] and "Methods for comparing multiple interventions in Cochrane intervention reviews

and overviews" [Methods Innovation Fund Project]

01/2009-12/2009: Research Assistant in Biostatistics

Harokopion University, Athens, Greece

TEACHING ACTIVITIES

University teaching responsibilities

- Responsible for the modules on "Network Meta-analysis" (since 2016) and "Advanced Meta-analysis" (since 2019) in the Master of Public Health "Comparative effectiveness research", Université Paris Cité, France
- Lecturer in the MSc course "Methods for Conducting Systematic Reviews and Meta-Analyses",
 Johns Hopkins Bloomberg School of Public Health, March 2019, Baltimore, US
- Teaching undergraduate students in the course "Advanced Biostatistics" (since 2017), Université
 Paris Cité, Paris, France,
- **Lecturer** in the MSc "Pain Management", *University of Ioannina, May* 2014, *Ioannina, Greece*
- **Lecturer** in the MSc "Primary care", *Thessaly University*, May 2012, Larissa, Greece
- **Teaching** undergraduate students in the courses "Medical Mathematics and Biostatistics" and "Hygiene & Epidemiology", *University of Ioannina*, 2011-2014, *Ioannina*, *Greece*

International short courses and workshops

- Teaching the 3-day course "Network meta-analysis: theory and practice" (online), August 2023, Sao Paulo, Brazil
- Teaching a 3-day course on Network meta-analysis, April 2023, Galway, Ireland
- Organizing and teaching a 3-day course on Network meta-analysis, May 2022, Biarritz, France
- Organizing and teaching the 3-day course: "Network meta-analysis: from planning to publication", December 2019, Paris, France
- Teaching in the Epidemiology and Population Health Summer Institute at Columbia University the two-day seminars: "Network meta-analysis", "Meta-analysis of observational studies" and "Systematic Reviews", annually between 2017-2020, New York, US
- Teaching in the "GRADE workshop" organized by Hospital Alemão Oswaldo Cruz and Brazilian Ministry of Health, April 2019, Brasilia, Brazil
- Teaching in the three-day course "How to appraise, interpret and publish a network metaanalysis", annually between 2014-2016, Oxford, UK
- Organizing and teaching the workshop "Comparing multiple treatments with network metaanalysis", presented at each annual Cochrane Colloquium, 2016-2020
- Teaching in the two-day Parallel Course on Network Meta-Analysis of the Cochrane mid-year meeting, May 2015, Athens, Greece
- Teaching in the Swiss Epidemiology Winter School the three-day seminar "Indirect comparisons and network meta-analysis: Evidence synthesis with multiple treatments", annually between 2014-2015, Wengen, Switzerland
- Organizing and teaching the workshop "Accounting for missing outcome data in metaanalysis", presented at each annual Cochrane Colloquium, 2014-2018
- Organizing and teaching the workshop "Graphs to enhance understanding and improve interpretability of the evidence from network meta-analysis: a hands-on tutorial in Stata", presented at each annual Cochrane Colloquium, 2013-2016
- Teaching in the one-day pre-Colloquium workshop "Indirect comparisons and network metaanalysis in Cochrane Reviews", October 2015, Vienna, Austria
- Organizing and teaching the workshop "Introduction to meta-analysis 3: Dealing with Heterogeneity", presented at each annual Cochrane Colloquium, 2011-2020

SUPERVISION OF THESES & INTERNSHIPS

PhD candidates (all registered with the Doctoral School ED393 and Université Paris Cité)

Ongoing

- 1. Tianqi Yu, Public Health Statistician, Thesis started in January 2023, "Scalable knowledge translation tools for network meta-analysis"
- 2. Kanella Panagiotopoulou, Mathematician, Thesis started in October 2022, "Modelling departures from normality in network meta-analysis"
- 3. Florie Brion Bouvier, Statistician, defense expected in June 2023, "Obtaining individualized treatment effects using individual participant data meta-analysis" (co-supervision with R. Porcher)
- 4. Mauricia Davidson, Epidemiologist, Thesis started in November 2021, "Integration of various types of information in living systematic reviews" (co-supervision with I. Boutron)

Completed

- 5. Chérifa Cheurfa, Anaesthesiologist, defense expected in December 2023, "The contribution of observational studies to meta-analysis"
- 6. Theodoros Evrenoglou, Mathematician, defended in November 2022, "Dealing with sparse data in network meta-analysis"

MSc students

- 1. Kanella Panagiotopoulou, Mathematician, Master of Public Health "Comparative Effectiveness Research", Université Paris Cité, Paris, France: *Meta-analysis models relaxing the between-study normality assumption*, 2022 (6 months)
- 2. Sara Abboud, MD, Master 2 Statistique, modélisation et science des données en santé, Sorbonne Université, Paris, France: *Association between selective outcome reporting bias and treatment effect estimates in trials with binary outcomes: a meta-epidemiological study*, 2021 (6 months) cosupervision with I. Boutron
- 3. Maurice Zanetsie, Statistician, Master of Public Health "Comparative Effectiveness Research", Université Paris Descartes, Paris, France: Evaluation of the impact of missing outcome data imputations in meta-analyses of aggregate data: a simulation study, 2019 (6 months)
- 4. Eirini Pagkalidou, Statistician, Master of Public Health "Comparative Effectiveness Research", Université Paris Descartes, Paris, France: Empirical evaluation of the impact of including inactive intervention arms in randomized trials and implications for network meta-analyses, 2018 (6 months)
- 5. Kristen King, Epidemiologist, Master of Public Health in Epidemiology, Columbia University Mailman School of Public Health, New York, US: *The impact of control group risk in networks of interventions*, 2017 (3 months)
- 6. Krishna Bhavsar, Statistician, Master 2 in Methods for Therapeutic Evaluation, Université Paris Diderot Paris Descartes, Paris, France: *Validity of results obtained from industry-sponsored network meta-analyses: an empirical survey,* 2017 (6 months)

RESEARCH FUNDING

Ongoing grants

12/2022-12/2025: French National Research Agency - Generic Projects 2022

<u>Principal Investigator</u> of the research grant "OptiCER - Integrating multiple sources of evidence for optimized comparative effectiveness research" **Total amount:** €380 000

10/2022-10/2028: German Research Foundation - Emmy Noether grants

<u>External Collaborator</u> of the research grant "Enabling new types of questions in evidence synthesis" **Total amount:** €1 590 000

11/2021-11/2023: **H2020-IBA-SC1-CORONAVIRUS-2020-4**

<u>Co-investigator</u> of the research grant "VACCELERATE - European Corona Vaccine Trial Accelerator Platform" **Total amount: €12 000 000**

Completed grants

11/2021-11/2023: Marie Sklodowska-Curie Actions: Individual Fellowships

<u>Supervisor</u> of the post-doctoral fellowship "DyCER - Dynamic comparative effectiveness research for health care interventions" **Total amount:** €185 000

01/2019-12/2022: Assistance Publique - Hôpitaux de Paris (Clinical Research and Development Department)

<u>Co-investigator</u> of the research grant "Live cumulative network meta-analysis: Systemic pharmacological treatments for chronic plaque psoriasis" **Total amount:** €115 000

05/2020-05/2021: French National Research Agency - AAP Flash Covid-19

<u>Co-investigator</u> of the research grant "Interventions for Covid-19 infection: a living mapping of research and a living network meta-analysis" **Total amount: €220 000**

03/2019-02/2021: Washington University Institute of Clinical and Translational Sciences (ICTS)

Mentor and project consultant of the KL2 Career Development Awards Program

of Dr. Patil, Total amount: \$150 000

10/2016-12/2019: Université Sorbonne Paris Cité (USPC)

Chair of Excellence fellowship, Total amount: €330 000

04/2016-06/2016: Swiss National Foundation: International Short Visits

Visiting <u>fellowship</u> "Estimating the hierarchy of antidepressant drugs" **Total amount**:

CHF 9 000

04/2015-04/2016: Catalyst Grant: Methods in Post Market Drug Safety & Effectiveness

<u>External collaborator</u> of the research grant "Estimation of the level of inconsistency among sources of evidence that are commonly found in published networks of trials"

Total amount: \$100 000

MEMBERSHIP TO EDITORIAL BOARDS

- Guest Editor for the special issue of Research Synthesis Methods on Data Visualization (https://onlinelibrary.wiley.com/toc/17592887/2021/12/1)
- **Associate Editor** of *Research Synthesis Methods*
- **Statistical Editor** of the *British Journal of Dermatology* (2022-2023)
- **Statistical editor** for the *Cochrane Developmental, Psychological and Learning Problems Group* publishing in the *Cochrane Library* (2015-2023)

PRIZES & AWARDS

- Highly Cited Researchers Award, Web of Science, Cross-Field, obtained annually since 2020
- Student Conference Award at the 43rd ISCB Annual Conference, August 2022, Newcastle, awarded to Theodoros Evrenoglou for the project "Sharing information across patient subgroups to draw conclusions from sparse treatment networks" with co-authors Metelli S, Schneider-Thoma J, Siafis S, Leucht S, Chaimani A
- **Distinction in the 4**th **Hellenic Forum of Public Health and Social Medicine**, November 2013 Athens, for the oral presentation "Graphs for evaluating assumptions and presenting results in network meta-analysis"

ORGANIZING COMMITTEES

- Chair of the Organizing Committee for the SRSM Annual Meeting in Paris, July 2023
- Chair of the Organizing Committee of the 3-day course on Network meta-analysis, *May 2022, Biarritz, France, https://www.cer-methods.com/2021/12/09/nmacourse*

 Chair of the Organizing Committee of the 3-day course: "Network meta-analysis: from planning to publication", December 2019, Paris, France, http://livenetworkmetaanalysis.com/nma-training

ASSESSMENT COMMITTEES

- Member of the Thomas Chalmers Award Committee for the best oral and poster presentation at the 2023 Cochrane Colloquium, London, UK
- Member of the PhD Defense Committee of G. Seitidis at the University of Ioannina, Greece, June 2023

SCIENTIFIC COMMITTEES

- Co-chair of the Cochrane Statistical Methods Group (2019-2023), http://smg.cochrane.org
- Co-chair of the Cochrane Comparing Multiple Interventions Methods Group (2017-2023), http://cmimg.cochrane.org
- Elected Member of the Society for Research Synthesis Methodology, http://www.srsm.org
- Member of the International Society for Clinical Biostatistics, https://www.iscb.info/
- Invited Member of the expert panel for extending the PRISMA 2020 statement to living systematic reviews (2022-2023)
- Member of the steering committee of the COVID-NMA consortium (2020-2023), https://covid-nma.com
- Member of the steering committee for extending the PRISMA statement in network metaanalysis (2012-2015)

REVIEWING ACTIVITIES

- Funding application reviewer for the UK Medical Research Council and the German Research Foundation
- Expert consultant for the British Association for Counselling and Psychotherapy (October-December 2021)
- **Reviewer** for the journals: Statistics in Medicine, Biometrics, Journal of the Royal Statistical Society (Series C), Research Synthesis Methods, Statistical Analysis & Data Mining, The Stata Journal, BMC Medical Research Methodology, Medical Decision Making, BMJ, BMC Medicine, JAMA, Nature Human Behaviour, International Journal of Epidemiology, Journal of Clinical Epidemiology, Epidemiology, Value in Health, Plos One, Systematic Reviews, BMC Public Health
- Invited Member of the Abstract Review Committee for the 2020 Cochrane Colloquium
- **Statistical reviewer** for several Cochrane Groups publishing in the *Cochrane Library* (2015-2023)

INVITED TALKS

- **Invited talk** at the Institute of Medical Biometry and Statistics, University of Freibourg, Germany, May 2023: "*A novel approach for ranking treatments in network meta-analysis*"
- **Invited talk** at the Department of Medical Statistics, University of Göttingen, Germany, May 2023: "*A novel approach for ranking treatments in network meta-analysis*"
- **Invited Cochrane Learning Live webinar**, June 2022: "The COVID-NMA project: Building and maintaining an online living platform for COVID-19 studies"

- **Invited virtual seminar** by Complete HEOR Solutions, October 2021: "Introduction to Network Meta-analysis"
- **Invited talk** at the WHO consultation on COVID-19 vaccines research, August 2021: "Randomised evidence on COVID-19 vaccines and variants"
- **Invited virtual seminar** at the Centre of Clinical Epidemiology, Lady Davis Institute, Jewish General Hospital, McGill University, April 2021: "*More than words: novel visualizations for evidence synthesis*" (with A. Nikolakopoulou)
- **Invited webinar** at the University of Milan, April 2021: "The COVID-NMA project: Living mapping and systematic review of COVID-19 studies"
- **Invited webinar** at the US Cochrane Network, December 2020: "The COVID-NMA project: Living mapping and synthesis of Covid-19 studies"
- **Invited talk** at Biostatistics & Epidemiology Unit, Paris-Sud University, December 2019, Paris, France: "Methods for network meta-analysis and ranking of treatments"
- Invited talk at Center for Clinical Trials and Evidence Synthesis, Bloomberg School of Public Health, Johns Hopkins University, August 2016, Baltimore, US: "Best treatments - Rankings in network meta-analysis"
- **Invited talk** at the 2-day meeting "Clinical Trials from A to Z", June 2019, Athens, Greece: "Introduction to Meta-analysis"
- **Invited seminar** at Institute of Social and Preventive Medicine, University of Bern, May 2016, Bern, Switzerland: "Graphs to enhance understanding and improve interpretability of the evidence from network meta-analysis"
- **Invited talk** at Mapi BV, January 2016, Houten, Netherlands: "Undertaking network meta-analyses in Cochrane reviews"
- **Invited talk** at Mapi BV, February 2015, Houten, Netherlands: "Presenting network meta-analyses and ranking interventions"
- **Invited speaker** at the Methods Symposium of the 21st Cochrane Colloquium, September 2013, Quebec City, Canada: "Network meta-epidemiology: assessing the various impacts on the relative treatment effects and ranking of competing treatments"
- **Invited speaker** at the 5th Hellenic Forum of Public Health and Social Medicine, November 2013, Thessaloniki, Greece: "Evaluating the quality of methodology in network meta-analysis: a case study on treatments for generalized anxiety disorders"

PRESENTATIONS IN CONFERENCES (A SELECTION - FIRST/LAST AUTHOR ONLY)

- Metelli S, Yu T, **Chaimani A**. NMAstudio: A fully interactive application for producing and visualizing network meta-analyses (oral). *Annual Cochrane Colloquium, September* 2023, *London, UK*
- Evrenoglou T, **Chaimani A**. A novel modeling approach for producing treatment hierarchies in network meta-analysis (oral). *Annual Cochrane Colloquium, September* 2023, *London, UK*
- **Chaimani A**, Evrenoglou T, Boutron I. Building and maintaining open-access platforms for living synthesis projects. *SRSM Annual Meeting*, *July* 2023, *Paris*, *France*
- Evrenoglou T, Boutron I, Seitidis G, Ghosn L, **Chaimani A**. metaCOVID: A web-application for living meta-analyses of COVID-19 trials. *ESMAR conference, March* 2023 (online)
- Metelli S, **Chaimani A**. A novel framework to disentangle combinations of components in a network of complex interventions (oral). *43rd ISCB Annual Conference, August 2022, Newcastle, UK*
- Evrenoglou T, Metelli S, Schneider-Thoma J, Siafis S, Leucht S, **Chaimani A**. Sharing information across patient subgroups to draw conclusions from sparse treatment networks (oral). 43rd ISCB Annual Conference, August 2022, Newcastle, UK
- Metelli S, **Chaimani A**. NMAstudio: a fully interactive web-application for producing and visualizing network meta-analyses (oral). *SRSM Annual Meeting, July 2022, Portland, US*

- Evrenoglou T, Metelli S, Schneider-Thoma J, Siafis S, Leucht S, **Chaimani A**. Sharing information across patient subgroups to draw conclusions from sparse treatment networks (oral talk). *SRSM Annual Meeting, July 2022, Portland, US*
- Evrenoglou T, White IR, Afach S, Mavridis D, **Chaimani A**. Network meta-analysis of rare events using penalized likelihood regression (oral). *DAGStat Conference, March* 2022, *Hamburg, Germany*
- Metelli S, **Chaimani A**. NMAstudio: a fully interactive web-application for producing and visualizing network meta-analyses (poster). *SRSM Annual Meeting, June 2021, Bern, Switzerland*
- Evrenoglou T, Mavridis D, **Chaimani A**. Network meta-analysis of rare events using penalized likelihood regression (oral). 41th ISCB Annual Conference, August 2020, Krakow, Poland
- Metelli S, Mavridis D, **Chaimani A**. Detecting outlying studies in Network Meta-analysis using Bayes factors (oral). 41th ISCB Annual Conference, August 2020, Krakow, Poland
- **Chaimani A**, Mavridis D, Sbidian E, Porcher R, Ravaud P. A Markov Chain approach for ranking treatments in network meta-analysis (oral). *SRSM Annual Meeting, July 2019, Chicago, US*
- **Chaimani A**, Porcher R, Sbidian E, Ravaud P. Extending treatment ranking in network metaanalysis to account for clinical experience on treatment performance and credibility of the evidence (oral). 39th ISCB Annual Conference, August 2018, Melbourne, Australia
- **Chaimani A**, Porcher R, Sbidian E, Ravaud P. Extending treatment ranking in network metaanalysis to account for clinical experience on treatment performance and credibility of the evidence (poster). 25th Cochrane Colloquium, September 2018, Edinburgh, UK
- Chaimani A, Papakonstantinou T, Nikolakopoulou A, Higgins J, Del Giovane C, Egger M, Salanti G. CINeMA: a web application to evaluate the Confidence In Network Meta-Analysis results (oral). 24th Cochrane Colloquium, September 2017, Cape Town, South Africa
- **Chaimani A**, Porcher R, Ravaud P, Mavridis D. A novel method for modelling interactions between components of complex interventions in networks of randomised trials (oral). 24th Cochrane Colloquium, September 2017, Cape Τοτυπ, South Africa
- **Chaimani A**, Petropoulou M, Nikolakopoulou A, Salanti G. A methodological systematic review of 456 published network meta-analyses (poster). 24th Cochrane Colloquium, October 2016, Seoul, South Korea
- **Chaimani A**, Salanti G. Exploring and accounting for the impact of interventions with scarce evidence in network meta-analysis (oral). 23rd Cochrane Colloquium, October 2015, Vienna, Austria
- **Chaimani A**, Salanti G. Investigating the impact of interventions with scarce evidence in network meta-analysis (oral). *36th ISCB Annual Conference, August 2015, Utrecht, Netherlands*
- **Chaimani A**, Higgins JPT, Mavridis D, Spyridonos P, Salanti G. Graphs for evaluating assumptions and presenting results in network meta-analysis (oral). 4th Hellenic Forum of Public Health and Social Medicine, November 2013, Athens, Greece
- **Chaimani A**, Vasiliadis HS, Schmid CH, Salanti G. The impact of control group risk in the relative effectiveness of interventions estimated in network meta-regression (poster). 34th ISCB Annual Conference, August 2013, Munich, Germany
- **Chaimani A**, Vasiliadis HS, Schmid CH, Salanti G. The impact of control group risk in the relative effectiveness of interventions estimated in network meta-regression (oral). 3rd Hellenic Forum of Public Health and Social Medicine, December 2012, Athens, Greece
- **Chaimani A**, Schmid CH, Vasiliadis H, Salanti G. A meta-epidemiological approach for evaluating bias and small-study effects in networks of interventions (poster). 19th Cochrane Colloquium, October 2011, Madrid, Spain
- Chaimani A, Dahabreh I, Linardou H, Cappuzzo F, Papadimitriou C, et al. Prognostic significance of EGFR gene copy number gain in NSCLC: a systematic review and meta-analysis (poster). 14th World Conference on Lung Cancer, July 2011, Amsterdam, Netherlands
